OSDT

Organic Sector Development Training
in Tanzania 2008

Be part of the development
of organic agriculture

Place: MS Training Centre for Development
Co-operation, Arusha

Duration: 31st of March – 11th of April 2008

Last day of application: 10th of February 2008

EPOPA

EPOPA (Export Promotion of Organic Products from Africa) is funded by Sida and the goal is to increase income through exports of organic products. In order to build local capacity, a training course is one of the activities executed within EPOPA.

The training is implemented by Grolink AB, a consultancy company with expertise in organic agriculture.

Target group

The target group consists of key persons who are seriously interested in developing organic projects or programmes, supporting structures (i.e. Exporter Company, extension service, organic sector body etc.) or policies in the country.

The training will be conducted in English and is only open for residents from Tanzania.

Costs

The training commitment fee is 225 000 TSH per participant to be paid in advance. For self sponsored the commitment fee is 150 000 TSH. That includes training material, accommodation in shared rooms and food. Participants cover their own insurance and travel cost to and from the venue. (No daily allowance).

Content

The training will consist of lectures, study visits, group work and individual project in:

- Organic Agriculture production
- Framework of organic agriculture
- Markets for organic products
- Standards, certification and regulation
- How to set up an organic project

During the training the participants will work with a plan for an organic project. The participants are expected to implement the plan after the training.
